Dear Students,

TCNJ has begun a planning process to develop its new strategy framework. The framework will guide the College's decision making and priorities for the next five years. You can learn more, and stay updated on the process throughout the year, by visiting the [Strategic Planning website](#).

As an important step in that process, the Committee on Strategic Planning and Priorities (CSPP) will be conducting a College-wide series of virtual focus groups that will be a key input to developing the strategy framework.

On behalf of the CSPP, we are inviting students who have time and interest to participate in one of these focus group discussions. Conducted by student volunteers, each session will last 90 minutes and involve between 10-12 participants.

The focus group sessions will be held during the dates of December 3rd and 4th and January 4th and 5th. CSPP will also send a survey for community members who cannot attend one of these sessions.

To sign-up for a focus group, please fill out this brief form by Wednesday, November 18:

Thank you for considering this opportunity. We hope you will join our efforts to plan for the College's future.

With Best Wishes,
